## Drawing in October 2022

October has come around again so it's time to draw something every day - until it's time to not draw something everyday again. This year I am using my daily diary as the idea generator.

Creating a page can take anything from two to eight hours or more and the process goes something like this...

### Thumbnails

Quick pencil doodles on cheap paper, working from my handwritten diary dictates what is going to go into the panel.

### Pencil Drawing

Getting the proportions, composition and details down in the sketchbook more accurately so there is less chance of making a mistake when the inking starts.

### Inking

Using a dip pen and ink to create the line work, crosshatching and mark making. The witty title comes last, riffing on the drawing and the diary entry. Mistakes do happen and that's where the 'white out' comes in. Although that creates a problem with applying watercolour over the top. That's where Photoshop comes in.

### Colouring

Erase the pencil then apply watercolour to areas of the ink drawing that I think are important. I knew I would be scanning the sketchbook pages and didn't aim to colour in everything, just the focal points. Used Photoshop to tweak some of the colours and to drop in a colour overlay here and there.

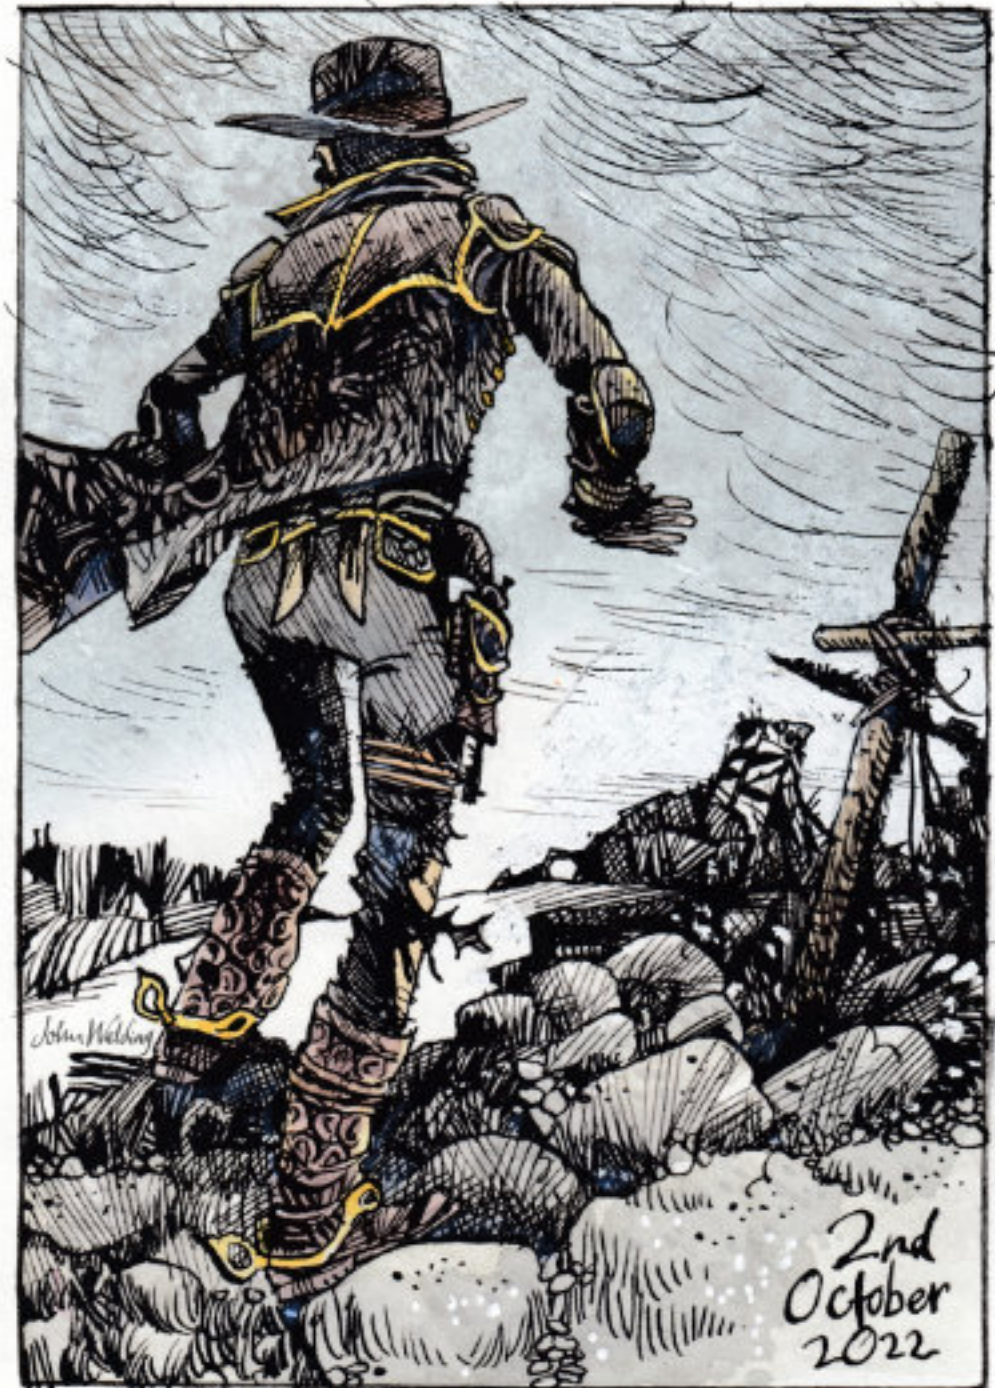

It's all very mundane.

# The ADVENTURE

To the SUPERMARKET the HARD WAY. Town was very busy for a SUNDAY so got what I needed and headed HOME. No CHEAP bread today.

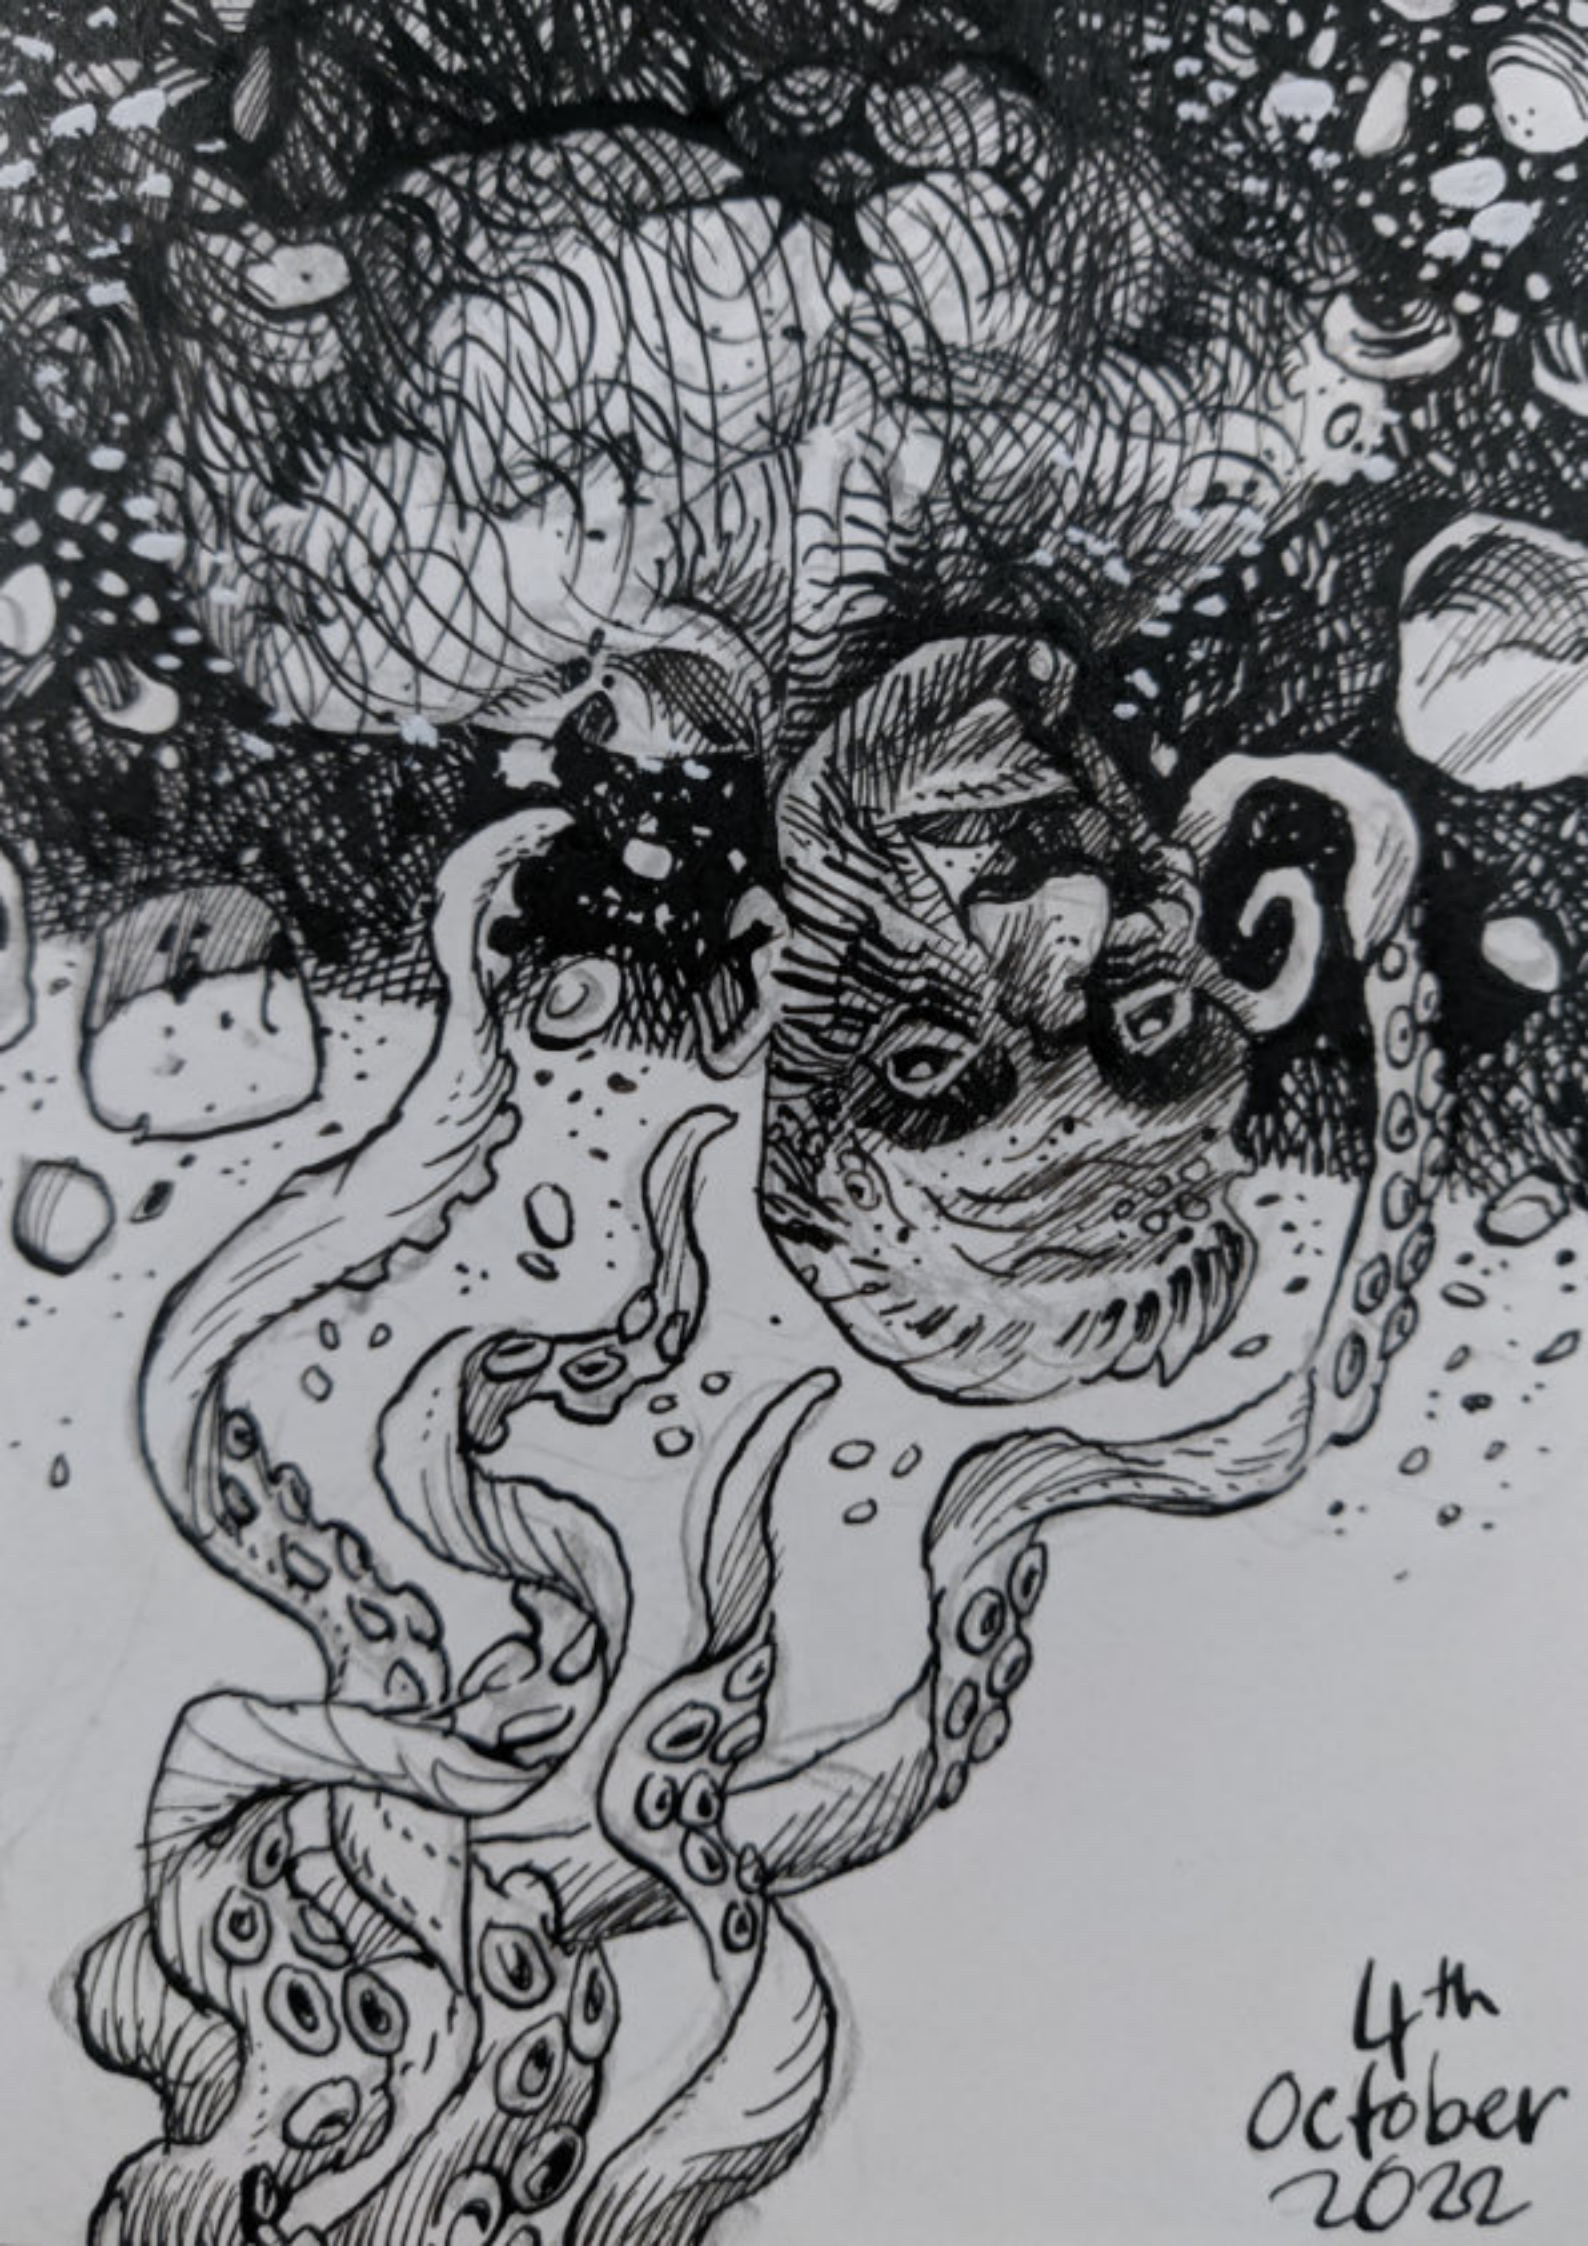

# EVERYDAY RITUALS★

A BORING day interrupted by EXERCISE  
and SWEEPING UP autumnal leaves,  
so many leaves. It felt productive-

# ENCASED IN THE EARTH

To get to SLEEP I dream of being CRUSHED by ROCKS. Constrained and UNABLE to MOVE in the DARKNESS. In reality the ROCKS are a DUVET, two PILLOWS and a CAT.

# LOST IN SPACE<sup>★</sup>

Sadness at HEARING that KIM GUNG GI had died at 47 yrs old from a HEART ATTACK." A Light that BURNS twice as BRIGHT burns for HALF as long, and you KIM GUNG GI burned so very BRIGHT."

# MY HUMAN MASK SLIPS

While unlocking my bike I found myself talking to a total STRANGER about how GREAT bicycles are and went on a RANT about HOW MUCH I HATE CARS. My new friend cycles off.

# WHAT'S YOUR PLEASURE?

The ENTIRE day was spent preparing to WATCH the NEW HELLRAISER MOVIE in the evening. It did not disappoint!

# LUNCH

WITH A FRIEND 

CAT fight in the garden caused a bit of a COMMO-TION. I chased off the trouble maker and talked ASH back down to his normal size.

WHAT **FRESH** SHELL IS THIS?

Sweeping up leaves that the WIND insists on bringing down I find a brightly coloured snail SWIRL. I think the occupant is LONG gone.

# WEREWOLF

BY  
9:30  
PM

The last few nights have been CRAZY bright with the MOON-LIGHT. Ideal for CREATURES of the NIGHT on the HUNT for herbal remedies.

# SECRET WORLD

The thing about drawing outside  
in the UNDERGROWTH is people are  
OBLIVIOUS to my PRESENCE.  
Do I cough politely?

# OVERHEARD

Spent a FEW minutes sat on a bench  
at NEWMILLERDAM, listening to the  
wildlife COMPLAIN about the  
PRIME MINISTER, HOUSE PRICES  
and the COST of LIVING CRISIS!

# Nature MARKS

Ancient trees with names and symbols CARVED into the BARK. I squint and blame the GREY SQUIRRELS scampering around - they are the BAD boys of the WOODLANDS.

# MAJESTIC BEAST

Walking around the PARK looking for an interesting SPOT, stumbled across a FREE-RANGE Joe Wicks doing GOBLET SQUATS. I silently retrace my steps and leave.

# BRAINS IN VASES

First time mingling with OTHERS in a CINEMA for a LONG time. The film was about perceived REALITY and I wouldn't recommend it. It's DARK outside and feels LATER than it is.

YOU CAN FIX  
ANYTHING  
WITH THE RIGHT

# HAMMER

Trying to FIGURE out how to FIT a  
NEW KICK STAND to my BIKE. I end  
up cobbling something together  
that WORKS, sawn BOLTS and added  
WASHERS. It's NOT elegant.

# SUMMERghost

Tidied up the garden, sweeping up the REMAINS of summer. Filling the BIN ready for the last collection of the year. It's all a METAPHOR of course.

# MIDNIGHT **MAGIC**

LATE into the night, had an epiphany about how the KICK STAND should be fitted correctly. It's gone Midnight but in TWO minutes I've FIXED the problem and all is RIGHT with the WORLD.

# MIGRAINE LINGERS

My HEAD is a ROCK. My CHEST is a forested HILL. My ARMS are RIVERS flowing into LAKES and WATERFALLS. Another NIGHT laying AWAKE too tired to sleep.

# GRAVE EXPECTATIONS

October

Headachy and UPSET stomach  
MIGRAINE. Went food Shopping in  
the DARK and RAIN. Turns out I  
was having a BETTER day than  
the Prime Minister was enduring.

## PIRATE content

Went shopping in the DARK and the RAIN. Bicycle working like a dream. Meanwhile, 'HOUSE of the DRAGON' Season FINALE leaked online causing a LOT of interest and INDIGNATION!

# RAINFALL

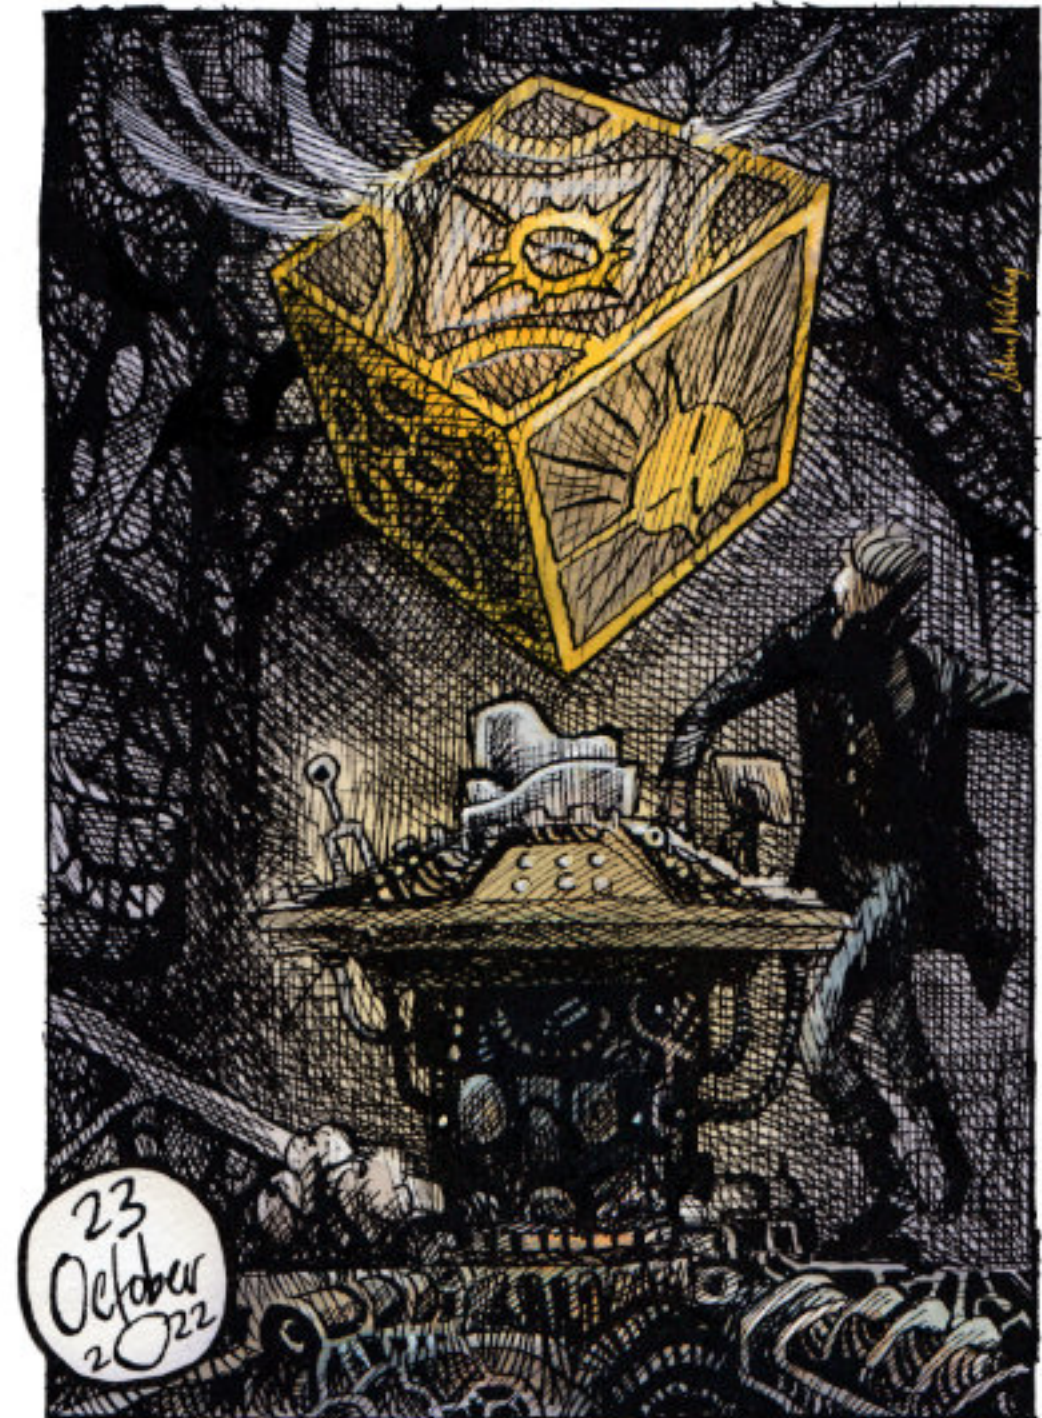

So much RAIN drowning the PLANTS and WASHING GRIT and GRIME from the SLABS, it's almost BIBLICAL. The HOSEPIPE BAN is STILL in place.

# the REGENERATION GAME

It's the END of DOCTOR Who again  
and I see something in the SET design  
that I can't UNSEE. A giant 'LAMENT  
CONFIGURATION' box hovering above  
the TARDIS console. Franchise X-OVER!

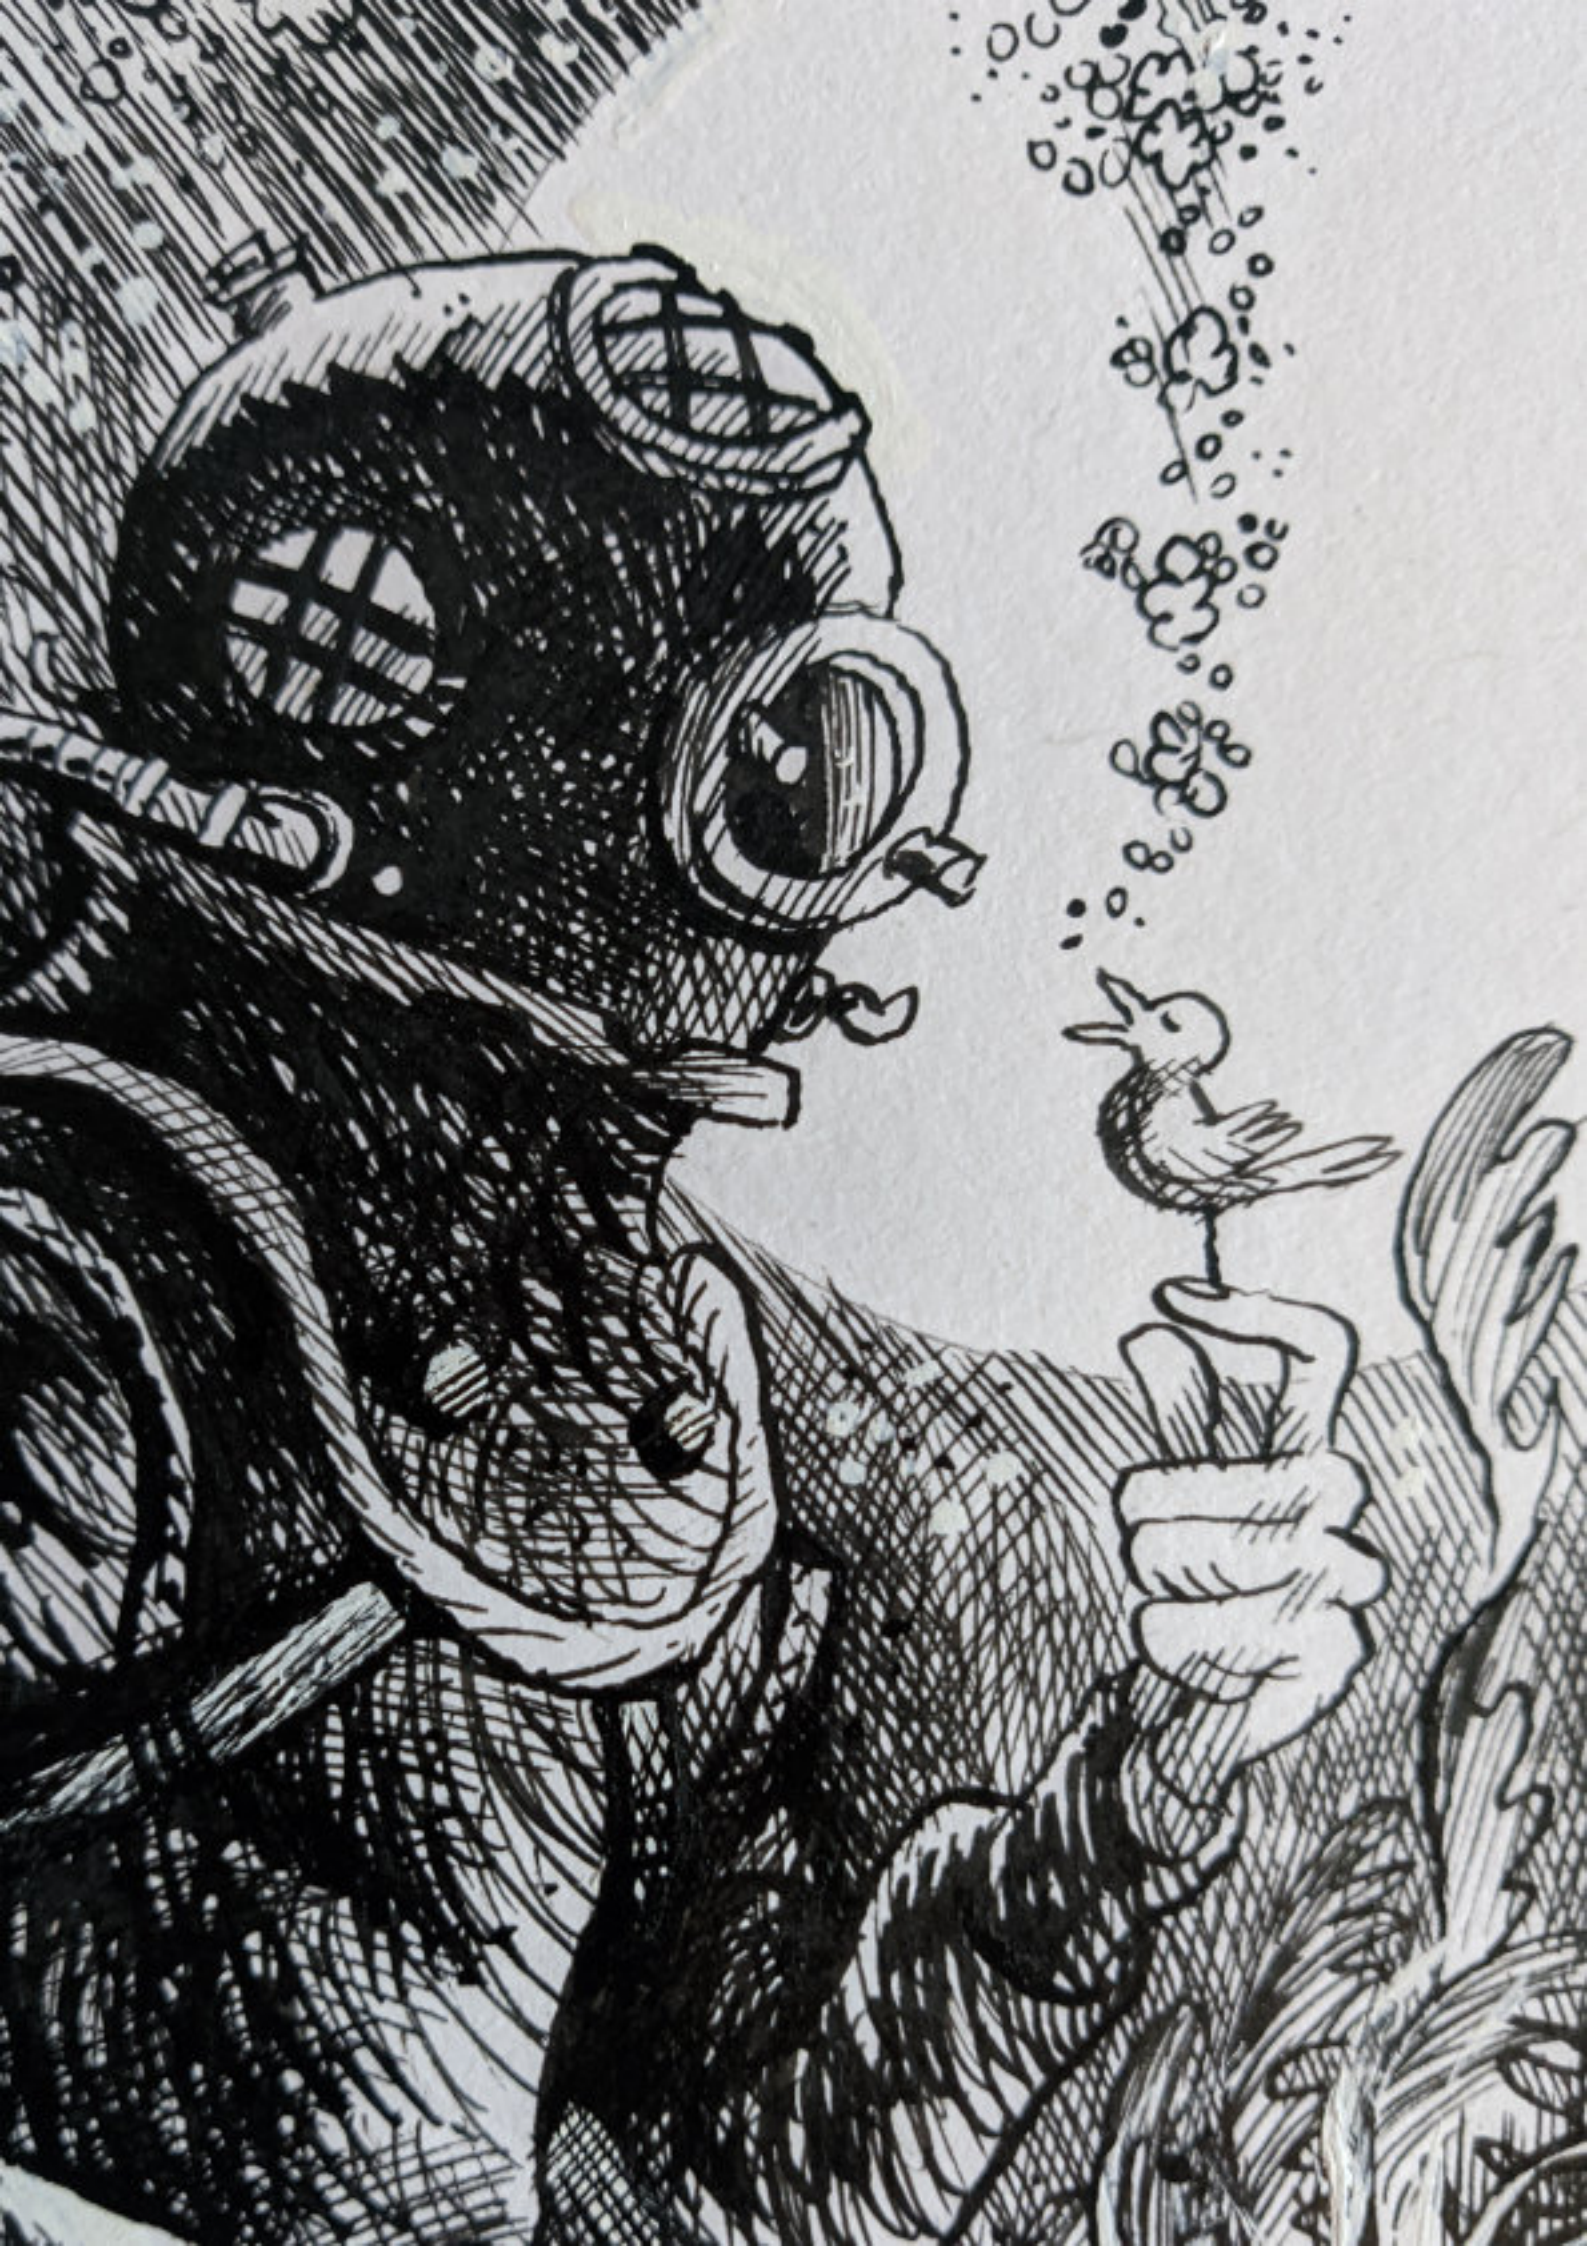

# HAUNTED *dream*

BORIS JOHNSON makes a comeback bid and then he doesn't, doing something different but the SAME. I have NO idea what is going on, and that's the way they like it.

# DEEP DIVE

ENGINEERING

ELON MUSK buys TWITTER. The billionaire who is building a ROBOT slave workforce now OWNS one of the biggest THOUGHT collecting machines in the WORLD! End Tweet.

## Materials used:

### **A5 Seawhite Sketchbook** (140gsm, Hardcased)

The best sketchbooks I've used. The paper is sized and takes ink really well with very little to no bleed and the paper does not buckle too much either with adding watercolour.

### **Vintage Perry & Co No. 227 EF Nib**

I was given a box of these a few years ago and feel it's my duty to use them all before I die. They are a good, flexible drawing nib.

### **Black Indian Ink Winsor & Newton**

A reliable, strong ink that covers well and can be diluted to flow better with a nib. Waterproof when dry.

### **Cotman Watercolour Winsor & Newton**

Transparent Cotman Watercolours, usually applied with a water brush.

### **Acrylic White Ink Winsor & Newton**

Goes over most ink and watercolour in a solid opaque layer.

+ Tippex, coloured pencils, paper patches and glue.

+ Digital clean-up of scanned drawings and colour overlays applied in Photoshop.

+ Pdf created with Affinity Publisher
